### HOUSEHOLD REMEDIES

which have stood the test of time deserve a  
place in the medicine chest of every family.  
Mothers are today administering to their chil-  
dren the remedies their grandmothers used.

For thirty years, Lydia E. Pinkham's Vege-  
table Compound, made from roots and herbs,  
has been curing the women of this country  
from the worst form of female ill, and merit  
alone could have stood such a test of time and  
won such an enviable record.

### EDWARD CASE.

Mr. Edward Case, highly esteemed citizen of  
Robertson county, died at his home in Mt.  
Olivet this morning at 1 o'clock, after a pro-  
tracted illness with pneumonia fever, aged 63.  
He was a devout member of the Baptist  
Church.

He is survived by his wife, two daughters  
and one son.

Mrs. George W. Bunton of Covington was  
at the bedside of her father when the final  
summons came.

Funeral arrangements have not been com-  
pleted.

### MRS. GEORGIA GUILFOYLE.

Mrs. Georgia Guilfoyle died at her home in  
Poplar street yesterday noon, after a several  
weeks illness with septic peritonitis, aged 18.  
The remains will be taken today to Paint  
Lick, Ky., for burial.

### JOSHUA S. WALLINGFORD.

Mr. Joshua S. Wallingford of Mt. Carmel,  
the well known Storekeeper-Gauger in the In-  
ternal Revenue Service, died last afternoon in  
a hospital at Cincinnati, where he had recently  
undergone a surgical operation.

Mr. Wallingford is survived by his wife and  
one son.

His remains will reach this city over the  
C. and O. at 1:36 today and be taken at once  
to his home at Mt. Carmel.

The funeral will occur at 10:30 o'clock to-  
morrow morning, the interment being in Mt.  
Carmel Cemetery.

### PROPERTY OWNERS

**Protest and Serve Notice That  
They Will Not Pay For Brick  
Streets Unless Finished**

The brick street controversy took on a new  
aspect yesterday when nearly a score of prop-  
erty owners in West Second street served a  
process on the contractors, Kelley Bros., pro-  
testing against the attempted brick street botch  
and abortion now going down in the West End.

The property owners take the position, and  
a well-grounded one, too, that unless the brick  
street is completed entirely across the street,  
including the section between the street rail-  
way tracks, that they cannot legally be assessed  
the cost of constructing the street.

The point is well taken and when it reaches  
the Courts, as it is certain to do, the city will  
find itself in the middle of a bad fix. There  
has been just a little too much of this lop-  
sided business of late in Maysville and it is  
quite time to call a halt.

Following is a copy of the notice served—  
MAYSVILLE, Ky., August 15th, 1910.

To Kelley Brothers, the City of Maysville  
and J. M. Walker, City Engineer: You are  
hereby notified that the undersigned property  
owners, residing upon and along West Second  
street, in the City of Maysville, do now pro-  
test against the paving of that part of West  
Second street lying between Wall street and  
the Western property lines of E. P. Browning,  
in the manner in which said paving is now  
proposed to be, and is being done; that we  
protest against the placing of the concrete  
"headers" in said street, or leaving any part  
of said street unpaved, or the use of any  
material, except brick, in the paving of said  
street.

Formal notice is now served upon the con-  
tractors and the city that the undersigned  
property owners shall decline to hold them-  
selves, or their property, in any way respon-  
sible for any portion of the cost of paving  
West Second street, as same is now proposed  
to be, and is being done.

Executed the within notice by delivering a  
true copy thereof to J. Wesley Lee, Mayor of  
City of Maysville, J. M. Walker, City Engineer,  
and Edward Kelley, a member of the firm of  
Kelley Brothers, this 16th day of August, 1910.

W. H. MACKROY, S. M. C.  
By M. Brown, D. S. M. C.

Miss Anna King of West Second street re-  
turned home yesterday, after a several days'  
stay in Cincinnati.

Mrs. Harry Bell of Sutton street and Mr.  
Alfred Strode of Hill, Montana, and Mr.  
William Strode of Cincinnati are attending  
the bedside of their father, Samuel Strode,  
who is seriously ill at his home in Lewisburg.

**WILL GIVE CASH  
PRIZES OF \$30,000**

**"SPECIALS" WILL SWELL KEN-  
TUCKY STATE FAIR PREMIUM  
LIST BY MANY THOUSANDS.**

**PREPARATIONS RAPIDLY PUSHED**

Everything Points to Record Breaking  
Exhibition and Attendance for Big  
Show of 1910.

With an investment of approximate-  
ly \$300,000 in buildings and grounds  
and a record of seven successive an-  
nual exhibitions before it, the Ken-  
tucky State Fair will begin in Louis-  
ville on September 12 and continue  
throughout the week. The bright prom-  
ise is given that the turnstiles will  
click this year on one of the greatest  
state fairs in America. Hard and un-  
ceasing work on the part of the board  
of managers, the fair officials and em-  
ployees, for many weeks past is rapidly  
bringing to completion all plans and  
arrangements for the exhibition.

While no new buildings have been  
erected since last year's fair, there  
will be ample accommodations for ex-  
hibitors and visitors. Nature has  
worked wonders in the beautiful 150-  
acre plot occupied as a fair site, and  
the Kentucky show is rapidly gaining  
distinction as the most beautiful state  
fair in America. Under the landscape  
gardener's care the grounds have been  
adorned with shrubs, new walks and  
avenues have been laid out, and the  
trees planted when the site was first  
selected have grown to shade produc-  
ing proportions. The system of illu-  
mination has been extended so that  
every nook and corner of the grounds  
will be brilliantly lighted each night of  
the show week. Those who have  
watched the progress of work on this  
year's exhibition venture the opinion  
that the attendance, which last year  
reached high-water mark, will this  
year be increased by thousands.

Cash prizes aggregating about \$30-  
000 have been hung up in premiums  
for the 1910 fair. In many instances  
the prizes have been increased over  
former years, and many additional  
classifications have been made. More  
attractive than ever will be the "spe-  
cial prizes," which this year will ag-  
gregate between five and ten thousand  
dollars.

Aside from the thousands of dollars  
received in cash by exhibitors there  
comes a yet greater prize—the distinc-  
tion of an award from the Kentucky  
State Fair. The sentimental and ex-  
ploiting value of such an award has  
now grown until it is one of the most  
coveted prizes sought for by those who  
may be described as professional ex-  
hibitors in the country's largest agri-  
cultural exhibitions. It is not possi-  
ble to put an estimate on the prestige  
and distinction that accompany a  
prize from the state fair of a common-  
wealth recognized as the head of the  
horse world, as one of the foremost  
live stock states, and as an agricul-  
tural community with few superior in  
the Union.

As heretofore, excursion rates from  
a territory within a radius of 300 miles  
of Louisville will prevail throughout  
the entire fair period. Every local ar-  
rangement has been made for the  
quick and safe handling of the crowds  
and ample accommodations at reason-  
able rates are assured to all visitors  
to Louisville during the state fair  
week.

relates his Underfeed experience thus:

"We installed one of your No. 739 Underfeed  
furnaces in our 12-room house about two years ago.  
We have found the furnace very satisfactory in-  
deed. The furnace is extremely economical, fires  
easily and the heat is quite evenly distributed  
throughout the various rooms. We use nut and  
slack coal for fuel with perfect results and much  
prefer the Underfeed to any heating device with  
which we are familiar."

### DID THE PROPER THING

After a hearing before a Jury in Judge W. H. Rice's Court yesterday morning, John Bonner, the aged pensioner, was adjudged incompetent of transacting his own business, and M. E. McKellup was appointed Committee to look after his affairs, with W. W. McVaine surety on bond. By order of Judge Rice he was placed in Wilson Hospital, where he will be properly cared for. Bonner is blind, aged and perfectly helpless, and on account of his infirmities he is allowed \$100 per month by the Government, and it is but just and right that the old man should receive proper attention for the few remaining days that are his.

Infantile paralysis has been the cause of at least fifty deaths among children in Washington, D. C., during the last few weeks, and the city has become greatly agitated over it. Upon investigation it was discovered that nearly all of the cases had been those to whom some kind of soothing syrup had been administered. Dr. Keblor of the United States Bureau of Chemistry has stated that after careful examination he has found that at least eighteen of the soothing syrups are deadly in effect, so Uncle Sam will likely wage war upon the manufacturers of this medicine that so many mothers resort to for sick babies.

## WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Maysville women know how the aches and pains that come when the kidneys fail, to make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all of these disorders. Here's proof of it in a Maysville woman's words:

Mrs. John Burns of Maysville, Ky., says: "I value Doan's Kidney Pills just as highly today as when I gave a statement for publication in their favor some years ago. I was subject to attacks of kidney trouble and at times the pain in my back was so acute that I was confined to my bed for days. The prompt relief I received from Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore, was very gratifying, and during the years which have since elapsed, I have had no serious return of kidney trouble. On some occasions, I have felt a slight backache, but a few doses of this valuable remedy have never failed to ward off any bad attack."

### BURLEY TOBACCO SALE

**Actual Sale at Lexington Scheduled For Today—18 Cents Average Price Asked**

Yesterday at Lexington tobacco men by the hundreds gathered to purchase the 120,000,000 pounds of tobacco to be sold by the Burley Pool.

Buyers have the option of buying the entire pool or parts of it, subject to the action of the Committee. A bulk price of eighteen cents was fixed and in the second proposition the Committee priced the crop by grades, the figures being based on an eighteen cent basis.

Eighteen cents means \$21,600,000 for the lot. The actual sales will take place today and buyers are clamorous for the weed.

THE four Christian Endeavor Societies of Fairbury, Neb., have voted that "a public request be sent to Mrs. NICHOLAS LONGWORTH, asking her to give up the cigarette habit." We would like to take these good young people aside and ask them if they know just what they are doing. Have they any first-hand knowledge of any kind that Mrs. LONGWORTH has "the cigarette habit?" If they have not—as seems probable at odds of 1,000 to 1—are they not running rough-shod over the decent American principle that every person shall have a fair trial before being declared guilty of an offense? And are they not also forgetting utterly what the Bible says about "thinking no evil?" We might add as a closing consideration for the older leaders of the Fairbury Endeavorers that, while the good book says nothing about cigarettes, it censures "busy-bodies" six separate and distinct times.—Chicago Evening Post.

Yesterday Mr. W. R. Archdeacon received a postal card from Dr. J. B. Taulbee dated at Cleveland, O., stating that his son, Dr. Woodson Taulbee, was getting along nicely and doing as well as could be expected. All of which is gratifying news to Dr. Woodson Taulbee's many friends in this city.

For the first time in the history of Newport, R. I., rich and fashionable society women are now smoking cigarettes openly on the streets. Strangers in the social resort were shocked one Sunday afternoon recently when a handsome young matron, ablaze in silks and satins and jewels, calmly strolled down Bellevue avenue smoking a cigarette. In the past cigarette smoking among women was confined to the home and the dining and smoking-rooms of the hotels and clubs.

HOLDING that a man who ran over a boy with an automobile should have been arrested on a charge of "assault with a deadly weapon," Municipal Judge GEMMILL, at Chicago, expressed regret that he could fine G. L. BINDER, a chauffeur, only \$100. OTIS C. HEARD, 12 years old, appeared in Court, speechless and paralyzed as the result of the accident. "There has been an inexcusable mistake on the part of the police in your arrest," said the Judge. "You are charged with plain assault. The maximum fine is \$100. Your offense really is assault with a deadly weapon, carrying a sentence of six months in the Workhouse."

law, and about \$6,000,000 in excess of the Dingley law receipts. As a producer of revenue the Payne law is so far ahead of all other Tariff acts that an attempt to compare any of them with it is not comparison but contrast. In addition to increasing the average monthly customs receipts over the Dingley law from \$21,676,085 to \$27,529,287, the Payne law has added more than \$2,000,000 a month to the Treasury by means of the Corporation Tax.

### PILES BRING DESPAIR

TAKE COURAGE! INTERNAL TREATMENT WILL CURE

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to find a cure. A medicine in tablet form, taken internally, that avoids the unpleasant features of ointments, suppositories and operations, and cures thoroughly by removing the inside cause, is surely worth trying, especially as J. Maysville Capitalists Boost Ohio Valley Oil and Gas Company

Ten Thousand Dollars Subscribed, and Work of Boring Test Wells is Now Assured

The officials and others interested in financing the Ohio Valley Oil and Gas Company met in W. Holton Key's office Monday night, and, after a full discussion of the merits of the concern, a plan was outlined and an agreement entered into whereby the Company is to issue 1,000,000 shares, par value \$1.

Messrs. E. L. Manchester, J. Curtis Raine and others who recently made a trip of inspection to Brooksville and Dover reported the most favorable news concerning conditions bearing on the oil situation, and with the facts that the Standard Oil Company has decided to begin boring wells at Bridgeville and other points, and also that oil and gas have been struck in half a dozen places within a twenty-mile radius, confirms the belief and assures the officials that these valuable fluids can be found in paying quantities on the 20,000 acres of leases held by the Ohio Valley Oil and Gas Company.

President John Brown, an oil man of years of experience, claims that this territory embraces the most promising oil section in the United States, and he is so confident of success that he will put in his \$1,500 worth of machinery gratis as an inducement to the Company to sink wells.

Those present at Monday night's meeting represented more than a dozen of Maysville's leading business men and capitalists, which shows that they understand this is a big proposition and one which may develop Mason and Bracken counties into a leading oil and gas producing section of the United States.

This is no gold-brick scheme, but a plain, square-out, home proposition, backed by common sense, the leading business men of Maysville and several counties and the United States Geological Survey, which says the rock formation tends to the belief that great pockets of oil and gas exist in the Ohio Valley above Cincinnati.

THE PUBLIC LEDGER indorses the whole proposition and in future issues will give full publicity to the big undertaking, which means so much to Maysville and all interested.

Lawrence Helm of Ripley has been recommended for appointment from Ohio to the Annapolis Naval Academy.

Seven persons are dying and a score of others are seriously ill as the result of eating poisoned icecream at a Church function in Glenn, Ky., near South Portsmouth. The wholesale poisoning is thought to have resulted from the use of a rusty or unclean tin vessel in making the icecream.
